

Project

qzwciofj

- Create at least 30 secs animation from your own 3D models
- Group of 2-3 students
- Each student must create their own character.
- Something must be moving in your scene e.g., character, camera.
- There must be a story to tell.

Project

qzwciofj

Week 4: Storyboard (5 mins)

- Tell the whole story
- Detail about all the scenes/models that will be used in the animation.

Week 9: Midterm presentation (5%)

- Updated version of storyboard
- Detailed timetable of the project
- Individual workload
- Progress
- ***Recommend: Start modeling (~20%)
